BIOTEC ANTI-AGING FACIALS

BIOTEC Line Eraser

Wrinkles are targeted with firming and toning microcurrent pulses to stimulate the skin cells toward dynamic functionality. Circulation is improved, increasing the production of collagen and elastin as the dermis is flooded with super Hyaluronic hydrating activators, sealed with a re-energizing Amber balm. Red and blue light therapy warms and de-stresses the skin while a blast of oxygen delivers a breath of fresh air, effectively ironing out wrinkles and filling in lines. A powerfully rejuvenating facial treatment.

BIOTEC Firm-a-Lift

Rediscover the architecture of your face with this groundbreaking blend of massage and sculpting technology. Circulation-stimulating Arjuna, Gardenia stem cells, and Alaria Esculenta Seaweed are activated by microcurrent pulses to tighten slackening skin. Galvanic currents infuse the skin with bio-active formulas that hydrate and tone. The extra-cellular matrix of the skin is visibly strengthened, restoring elasticity and tenacity for a contoured complexion that is remarkably lifted.

BIOTEC Anti-Pigment Brightener

This powerful, targeted skin-brightening treatment visibly illuminates the complexion, dynamically treating the appearance of uneven skin tone, discoloration and age spots. A unique complex of brightening actives, ultrasonic peel, and light therapy is combined with precision massage to help wash out melanin and reduce dullness. A peel-off mask of Vitamin C and Daisy extracts reduces pigmentation while mineral-rich Sea Algae intensely moisturizes. The result is skin that is youthful, refined and naturally translucent.

BIOTEC Skin Resurfacer

This revolutionary resurfacing facial addresses skin tone, blemishes and fine lines to transform the texture of the skin. The ultrasonic peel reveals a noticeably smoother complexion, using a combination of Lactic and Hyaluronic acids, Sandalwood, Thyme and Lemon oils. Steam and extraction deeply cleanse and detoxify before massage and light therapy restore equilibrium. Wrinkles and fine lines are reduced to leave a complexion that has never been softer or smoother.

BIOTEC Super-Charger for Men

This is the facial to de-stress, de-age and de-fatigue the male complexion while activating ultimate skin dynamism. A triple hit of ultrasonic peeling, steam and galvanic current delivers a deep clean, simultaneously exfoliating and powering up Kalpariane's anti-wrinkle properties and Samphire's hydrating potency. An oxygen infusion is the final blast of energy for real, best-face-forward results. A multitasking, time-efficient solution.

BIOTEC SKIN SOLUTION FACIALS

BIOTEC Sensitive Skin Soother

The anti-redness treatment that calms and soothes sensitive skin. Using an activator rich in Frankincense and natural anti-inflammatory Willow herb, the skin is infused with oxygen to encourage cellular restoration, perfect balance, and structural strength. Red light therapy operates in harmony with calming anti-oxidants to improve cell communication and the skin's natural ability to repair itself. The result is serene, smooth and sensational.

BIOTEC Radiance Renew

A powerful antidote for dull and tired skin, this cellular-boosting treatment targets sluggish complexions. The ultrasonic peel pumps vibrational energy into the skin to exfoliate and stimulate the removal of impurities and dead skin cells while the Galvanic rejuvenating current harnesses the power of Elderberry and Orange flower extracts to restore moisture and vitality. Skin is left profoundly reinvigorated, instantly clearer, visibly brighter, and radiant.

BIOTEC Blemish Control

A deep-cleansing facial that detoxifies the skin and repairs damaged tissue. This treatment uses ultrasonic vibration, massage, steam and galvanic current to thoroughly decongest and exfoliate. A powerful anti-oxidant, anti-bacterial activator, containing Salicylic acid and inflammation-reducing Iris, soothes and smoothes while light therapy helps balance and clear the complexion, speeding up recovery.

ELEMIS TOUCH FACIALS

ELEMIS' globally renowned hands-on facial treatments use touch as a powerful diagnostic tool, softening and prepping the skin to receive actives. Product is applied using a combination of ancient and modern massage techniques from around the world.

50 min

ELEMIS Pro-Collagen Age Defy

This is the treatment to tackle fine lines and wrinkles, helping support the cellular structure of the skin. The proven benefits of marine charged Padina Pavonica and Red Coral help plump out fine lines while Indian Mulberry reduces skin-fatigue to relax wrinkles. Targeted lymphatic drainage massage re-energizes and rejuvenates as an age-defying peel-off mask encourages the highest cellular function, visibly improving firmness and elasticity for beautifully nourished, younger-looking skin.

ELEMIS Dynamic Resurfacing Precision Peel

This highly potent couture resurfacing treatment targets the signs of aging and dull, tired, uneven skin tone. Specifically designed to work in conjunction with your skin's unique structure, this pioneering precision layering protocol uses three layers of enzymes to nibble the dead skin away, revealing extraordinary results. This system delivers powerful exfoliation and renewal for smoother, younger-looking skin while steam and extractions cleanse at a deeper level. A new start for new skin that has never looked better.

ELEMIS Superfood Pro-Radiance

This is a crafted nutritional boost for stressed, dull skin. Rich in superfoods, essential minerals, and trace elements; Magnesium, Potassium, Zinc, Vitamin A and E form a mineral army to jump start tired and exhausted skin. A MINDFUL JOURNEY

Simple luxuries to enhance the spa experience.

Time is the Ultimate Luxury

There is nothing like time for self. Embrace a moment in solitude or share the relaxation. Arrive early to experience the wonders of The Spa and discover serenity — a place to escape for an hour or a few.

Immerse Yourself in Wellness

SEA Thermal Suite is a gateway to relaxation. Begin the spa journey by purchasing a Thermal Suite pass. (Bathing suit required; robe and towels are provided.)

Wash All Cares Away

Prepare to receive all the benefits from the selected treatment. Prime the skin and body with a cleanse prior to the service and wash away all impurities — salts, minerals and oils — that could possibly be massaged into the skin. After a shower, wait in the Relaxation Lounge to be whisked away for the ultimate indulgence.

A Soothing Elixir for the Soul

Rich in antioxidants, tea is a mood enhancer. Depending on the selection, tea can calm the mind and body prior to a treatment, boost endurance, and improve health while safeguarding the immune system. In addition to tea, drink plenty of water to hydrate and replenish the body.

Connect With the Therapist

Healing hands are intuitive, but a conversation with the therapist will help guide and address areas of concern. During the treatment, let the therapist know if there is any discomfort or if the environment — temperature, lighting or sound — requires adjusting. A consultation prior to the service will provide the therapist with important details to make the experience more enjoyable.

Indulge in the Moment

An anticipated period of silence. Close the eyes. Inhale a deep breath. Exhale the breath. Allow the mind to drift away. Enjoy the quiet. Every bit of tension will disappear.

Linger in the Lounge

Extend the spa stay by resting in the Relaxation Lounge after the treatment. The quietude will lull mind and body into a deeper state of relaxation.

Continue the Journey

After the spa experience, explore our ELEMIS Ingredient Wall in our Relaxation Lounge, and browse through spa products — many of which are featured in the treatments. The therapist will provide recommendations to purchase and continue the journey at home.

BODY OF WATER

The sea and the body have many similarities. Both are bodies of water. A vital source for replenishing the body, the element of water cleanses while earth nourishes and air enlivens.
